Application deadline is Thursday, August 6, 2009

Canadian graduate students engaged in microsystems-related research are invited to compete for \$12,500 in awards at the 2009 TEXPO Research Competition and Exhibition. This event will be held in conjunction with the CMC Microsystems Annual Symposium on October 13-14, 2009 at the Crowne Plaza Hotel, Ottawa. In addition to the monetary award, the winners of TEXPO 2009 will be provided the opportunity to present their winning research at the Industry Technology Association of Canada (ITAC) Executive Forum on October 15, 2009. The Executive Forum brings together top Canadian industry members and provides a terrific networking opportunity.

Note: TEXPO 2009 will consist of demonstrations ONLY.

Students competing in TEXPO will present working demonstrations of their microsystems-related technologies: for example, working proof-of-concept prototypes, CAD simulations, experimental test set-ups, and more.
